

## **CTE SPRING DATA COLLECTION NOW OPEN**

The Career and Technical Education (CTE) Spring Data Collection begins March 1, 2013 and ends April 26, 2013. High schools need to identify all students in grade 12 who were enrolled at any point during the current 2012-2013 school year and have met the definition of a CTE Concentrator. CTE Concentrators are high school 12<sup>th</sup> graders who have earned three (3) or more credits in any CTE Area of Concentration. Currently enrolled courses count towards credits earned. Students meeting the CTE Concentrator definition must have the Concentrator box checked and an Area of Concentration entered into the AIM/Infinite Campus data system. If the student has a child or shares parenting of a child, the Single Parent box should also be marked. All schools who receive funding from the Carl D. Perkins federal grant program must complete this CTE Spring Data Collection.

Instructions for completing the CTE Spring Data Collection can be found inside the 'Data Collections' tab on the Secondary CTE web page located at this link:
